## SPECIAL ABILITY: ULTIMATE WARRIOR

Your combat training allows you to enhance attacks and defence.

After you make an attack on a foe, you may spend 1 **power** to inflict the resulting damage on up to three other foes within reach. If there is only one foe within reach, you instead double your attack result. Unworthy foe gangs count as a single foe for this ability.

If a foe attacks you, you may spend 1 **power** to double your defence.

## IMPORTANT RULES

- **Seize the Edge** for 2 **energy** to take the next turn.
- **Take a turn** when you are at the Edge of the Pit.
- **Roll action** with a **rating** die and any **assets** that apply. Roll the dice and select the *highest* result.
- **Overdrive** an action for 1 **energy**. Roll your **cool** die and add it to your best die. May combine with **channeling**.
- **Channel** for 2 **power**. You may spend **power** one-for-one to add more **eldritch** dice. *Add together* your two best dice to get your result. May combine with **overdrive**.
- **Critical**: When any result die shows 8+, it's a **critical**. The victim **reduces** an **asset** twice or a **rating** once.
- **Defend** from an attack by totalling **defences**. Spend 1 **energy** to roll a rating die and include in your total. Prevent that much health loss. If **defence** exceeds **attack** result, make a counter attack.
- **Recover**. Pick one: Restore **health** by double a **strong** or **cool** roll, **power** by an **eldritch** roll, **energy** by a **fast** roll, or a **reduced die** or **asset** one step. You may use **recovery assets** in the roll.
- **Amp** or **Gain** an **asset**. Amp existing asset one level, or gain new basic asset.
- **After your action**, go to the bottom of the Pit.
- **Killed?**: Get a **final feat**. Then return as a **post-mortem** hero or make a new hero.
